Treatment of Uterine Fibroids with MR-Guided HIFU
Pejman Ghanouni, M.D., Ph.D.
Assistant Professor of Radiology
Stanford University

Objectives
1. Principles and methods
2. Keys to patient selection
3. Illustrative cases
4. Treatment outcomes

Outline
1. Principles and methods
   - Targeting
   - Thermometry
   - Treatment verification
2. Keys to patient selection
   - MRI features that impact treatment outcome
3. Illustrative cases
   - Classification of fibroids
   - Safety steps during treatment
4. Treatment outcomes
   - Reintervention rate compared to other therapies
