

Piece of the Puzzle

2010 ISMRM Meeting: Data Reconstruction Challenge

Trajectory: Undersampled Radial Projections

Designer: Huimin Wu

Description: Each TR forms a “bow-tie” in kspace giving two radial spokes. The TRs themselves are arranged to cover 3D kSpace in a conical format.

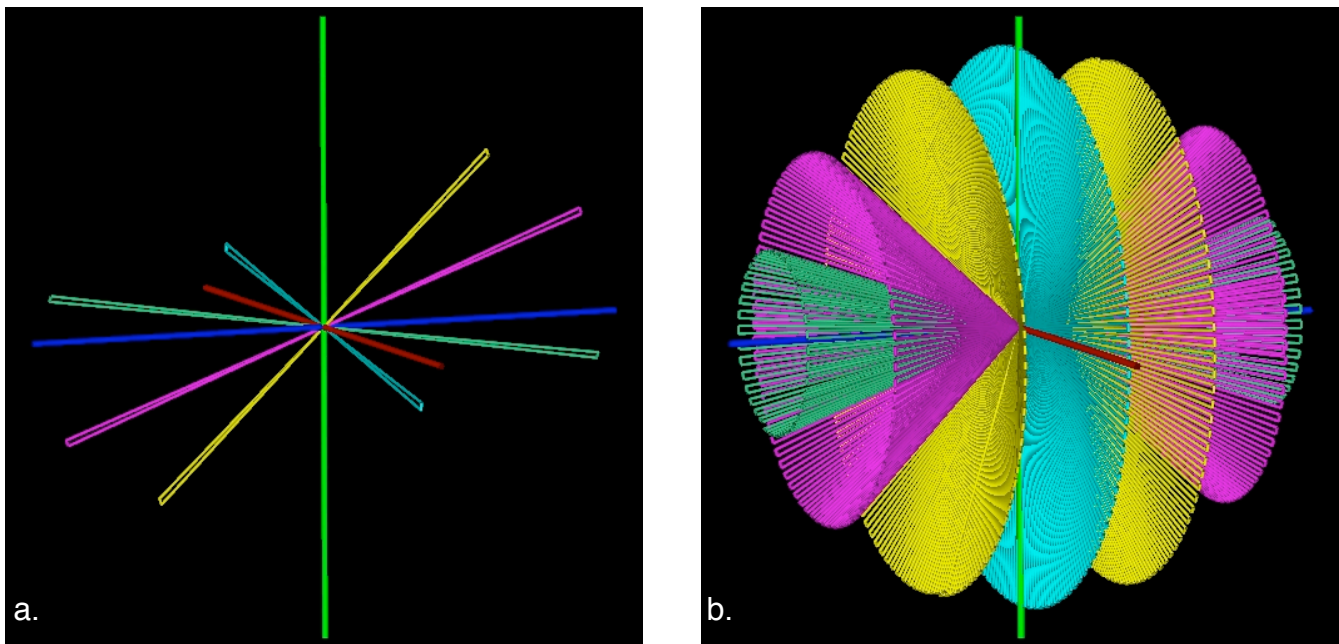

Figure 1: (a) The individual TRs forming “bow-ties” in kspace. (b) TRs are grouped to cover 3D kspace in a conical format.
