

## EDUCATION CREDITS

The International Society for Magnetic Resonance in Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The International Society for Magnetic Resonance in Medicine designates this live activity for a maximum of 46.00 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### ISMRM ACCREDITATION

Please consult [www.ismrm.org](http://www.ismrm.org) for up-to-date information on accreditation.

The International Society for Magnetic Resonance in Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. TO RECEIVE CREDIT for the ISMRM 25<sup>th</sup> Annual Meeting & Exhibition: If you wish to receive credit and/or a credit certificate, you must record your attendance by completing and submitting evaluation forms online. (The evaluation is entirely online; there are no paper forms.) Evaluations can be accessed by logging-in at: [www.ismrm.org](http://www.ismrm.org) and clicking "My Evaluations."

### ISMRM DESIGNATION OF CREDIT

The International Society for Magnetic Resonance in Medicine designates this live activity for a maximum of 46.00 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### AUSTRALIA & NEW ZEALAND

46.0 CPD points can be claimed with The Royal Australian and New Zealand College of Radiologists (RANZCR) for attendance at the ISMRM 25<sup>th</sup> Annual Meeting and Exhibition.

### MONDAY-THURSDAY COURSES

Weekday sessions up to 32.00 AMA PRA Category 1 Credits™ (study group meetings, lunchtime programs, symposia, hands-on workshops, poster sessions [including power pitches] are not certified for credit).

### ISMRM CERTIFICATES

Participants who complete their forms online will immediately be able to print certificates showing the number of credits earned. Please visit the registration desk on site for non-CME certificates of participation.

### MEETING EVALUATION (Online Only)

While in the convention center, use one of the free computer evaluation stations. Outside the convention center, you can access the ISMRM website at any time with your own computer.

### OUTSTANDING TEACHER AWARDS

To recognize outstanding educational contributions to the ISMRM Annual Meeting, the Annual Meeting Program Committee will acknowledge the highest rated speakers in weekend and Monday-Friday educational courses. Recipients of these awards will be determined by the evaluation scores. Recipients will be recognized in MR Pulse and on the ISMRM website, in addition to receiving certificates of appreciation. Let us know about the outstanding teachers in our educational courses. Please fill out your evaluation forms completely.

### SMRT ACCREDITATION

#### North America:

Pending 6.25 Category A Continuing Education Hours and CPD for Saturday, 22 April 2017 pending 6.0 Category A Continuing Education Hours and CPD for Sunday, 23 April 2017. 12.25 Total Category A CE credits for SMRT Annual Meeting. Monday ISMRM courses accredited for radiographers and technologists 7.25 Category A CE.

#### Australia:

Australia Institute of Radiology (AIR), CPD Activity is approved for the SMRT Annual Meeting and selected ISMRM Annual Meeting sessions.

#### New Zealand:

New Zealand Institute of Medical Radiation (NZIMRT), CPD Activity is approved for the SMRT Annual Meeting and selected ISMRM Annual Meeting sessions.

#### United Kingdom:

College of Radiographers (UK) has approved the SMRT Annual Meeting for CPD Credits and selected ISMRM Annual Meeting sessions.

ISMRM CREDITS AVAILABLE	
Saturday Courses	Credits
Brain Cancer: from Diagnosis to Treatment	3.25
Cardiac MRI: Function, Perfusion & Viability	3
Cardiovascular MRI: Vascular	3
Connectivity: Structure & Function	4
Diffusion MRI: Principles & Applications	3
Frontiers in Neuroscience: Preclinical MRI-X	3.5
Imaging Biomarkers of Brain Disorders	3.5
Introduction into Magnetic Resonance Spectroscopy	3.25
Introduction to fMRI: Task & Resting State fMRI Methods/Analysis	3.5
MR Systems Engineering - Morning	3
MR Systems Engineering - Afternoon	3
Novel & Mature MRI Contrast Agents	3.5
Physics for Physicists - Morning	3.5
Physics for Physicists - Afternoon	3
Quantitative Susceptibility Mapping & Electrical Properties of Tissues	3.5
The Basics of Perfusion & Permeability Imaging	3
Sunday Courses	Credits
Biostatistics for Imaging Studies	3
Body MRI: Optimize Your Clinical Practice - Approach to Setting Up A Body MRI Practice	1.5
Body MRI: Optimize Your Clinical Practice - Focal Liver Lesions	1
Body MRI: Optimize Your Clinical Practice - GI	1
Body MRI: Optimize Your Clinical Practice - Pelvis	1.5
CEST Imaging	3
Image Acquisition & Reconstruction - Morning	3
Image Acquisition & Reconstruction - Afternoon	3
IVIM & Cerebrovascular Reserve	3
Lauterbur Lecture: MRI as a Window into Cardiac Function - Opening Session	0.75
Multiparametric Imaging in Cancer - How & Why	3.25
MRI, MRS & Molecular Imaging to Diagnose Disease & Assess Treatment	2.5
Neurovascular MRI: From Micro to Macro	3
Recent Advances in Diffusion, Perfusion & fMRI	3
RF Engineering: Coils - Morning	3
RF Engineering: Coils - Afternoon	2
Translational Musculoskeletal Imaging: From Qualitative to Quantitative - Morning	3.5
Translational Musculoskeletal Imaging: From Qualitative to Quantitative - Afternoon	2.25
Traumatic Brain Imaging: Whom, How, When	3.5
