

## 2021 ISMRM & SMRT Annual Meeting & Exhibition

### DECLARATION OF FINANCIAL INTERESTS OR RELATIONSHIPS

#### Abstract Authors

The ISMRM is committed to:

- Ensuring balance, independence, objectivity and scientific rigor in all Continuing Medical Education (CME) programs; and
- Presenting CME activities that promote improvements or quality in healthcare and are independent of commercial interests.

Therefore, it is the policy of the Society that any person who has influence over the content of a program designated for *AMA PRA Category 1 Credits™* must disclose any real or apparent financial interest or relationship (i.e., grants, research support, consultant, honoraria) that they or their spouse/partner have had in the last 12 months with “any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients.”

The ISMRM does not imply that such relationships are inherently improper or that such interests would prevent the speaker or organizer from making an objective contribution. However, it is imperative that these relationships are identified in order to manage or resolve potential conflicts of interest before the program, and participants at the CME activity may have these facts fully disclosed in advance. It then remains for the audience to determine whether an individual’s outside interests may reflect a possible bias in either the exposition or conclusions presented.

If individuals have disclosed real or apparent financial interests or relationships, the interests or relationships are described. All potentially relevant relationships have been mitigated appropriately.

#### Abstract Authors without Financial Interests or Relationships

Shahrokh, Abbasi-Rad	Benjamin, Ades-Aron	Vihang, Agarwal
Mohamed, Abdelaziz	Mohit, Adhikari	Shruti, Agarwal
Mohamad, Abdi	Ansgar, Adler	Shubhangi, Agarwal
